

PURE PLEASURE

Pure Romance is a line of titillating bedroom accessories and intimacy aids that's just touched down in SA. You won't find Pure Romance in stores: it's a direct marketing enterprise featuring in-home parties that offer women fun, private information about intimacy.

Pure Romance's top-selling products include its arousal cream, R215, which stimulates the genitals in much the same way the brain does. The second-biggest seller is the "Ultimate 7th Heaven Bullet" – a clitoral stimulator, R320. Also popular is the Super Deluxe Love Mitten, R170, which looks like a grooming glove/loofah and is designed to be rubbed all over the body, in conjunction with a bullet vibrator slipped inside the glove.
